

## Join the Encore Chorale for Our First Season at Potomac Academy of George Mason University

Encore Creativity for Older Adults, a nonprofit organization, is pleased to announce the formation of an Encore Chorale at Potomac Academy of George Mason University, beginning September 2008. If you have sung sometime in your life, want to return to singing, or have never sung outside the shower, join other music enthusiasts for a weekly rehearsal of seasonal and holiday music with professional conductor **Jeanne Kelly**.

The class, designed for adults 55 years and above is instructive as well as enjoyable. Learn proper breathing techniques and how to improve your voice through correct tone production as Kelly guides participants through weekly rehearsals in three- and four-part singing. The season will conclude with a performance with other Encore Chorales at the Kennedy Center, Washington, DC, as well as a local concert at Potomac Academy.

Be a part of a true harmonic convergence—if you can talk, you can sing!

Kelly is the former director of the Levine School of Music Arlington Campus, and was conductor of the Georgetown University Concert Choir, and Music Director of the U.S. Naval Academy Women's Glee Club. She founded Encore: Creativity for Older Adults, a nonprofit organization. There are currently six Encore Chorales in Maryland, Virginia, and the District of Columbia.
